Subject

Application for Business Data Analyst – Accenture

HR Email

Hi,

I came across the Business Data Analyst opening at Accenture and found that my experience aligns well with the role.

At Thomson Reuters, I've worked on SQL, Power BI, Snowflake and ETL workflows, including building 240+ dashboards and improving reporting efficiency through automation.

I've attached my resume and would appreciate the opportunity to discuss how I can contribute to your team.

Regards,

Anjali Mantri

Hiring Manager Email

Dear Hiring Manager,

I hope you're doing well.

I recently came across the Business Data Analyst opportunity at Accenture and wanted to express my interest.

My experience at Thomson Reuters includes SQL, Power BI, Snowflake, ETL automation and stakeholder-focused reporting. I've contributed to building 240+ dashboards, improving reporting efficiency and delivering automation-driven business solutions.

The role's emphasis on Python strongly aligns with my background.

I'd appreciate the opportunity to connect and discuss how I can contribute to your team.

Best regards,
Anjali Mantri

LinkedIn Message

Hi! I came across the Business Data Analyst opening at Accenture. I'm currently a Business Data Analyst at Thomson Reuters with experience in SQL, Power BI and Snowflake. I'd love to connect and learn more about the opportunity.
